H. S. Athletic Field Sought By Officials

The problem of increased athletic facilities for the Albany High School came up for serious consideration last week when representatives of school, city and student body conferred. John Ryan, teacher, suggested the acquisition of property in Contra Costa County a few blocks from the High School. The proposal is being investigated and developments as to legality and feasibility of lease or purchase by the school district or the city of an ideal area should be disclosed at an early date. The consensus of opinion was that Memorial Park field is not adaptable for standard track or portable bleachers.

It was generally agreed to go ahead on the construction of the outdoor swimming pool, leaving the construction of the enclosure detail until a later date when more funds will be available. This has been caused by the increased costs over estimates made when plans were first formulated.

ALBANY COUNCIL O.K.'s STATE HIGHWAY DEPT. PARALLEL PARKING PLAN

According to a memorandum of agreement between the State Highway Department and the City of Albany it was mandatory for the city to obtain permission for the present diagonal parking method. Therefore the city council recently having been refused this permission, passed a resolution unanimously Monday night to institute parallel parking on San Pablo Avenue from the south boundary to north boundary. According to City Engineer E. A. Tarr the work of the street department will begin at once to paint the markings on the new San Pablo Ave. parallel parking plan to tie-in with the State Highway Department's program to facilitate the proper flow of traffic on this important arterial traffic way.

The Council voted to accept the low bid of the Duncanson-Harrelson contract for fir piling and pile driving in the amount of $2950.00. This will cover 100 piles which will extend the city dump 200 feet out from its present location.

At the same meeting the city attorney was requested to prepare a new ordinance repealing the old fireworks ordinance. The state law prohibits the sale of any sort of fireworks except the so-called safe and sane sparklers and toy cap pistols.

Recommendation was made to accept the lowest bid on concrete curbs and cross walks on Key Route Blvd. They were as submitted: O. C. Jones, $3540.50; Lee Immel, $3805.50. On the contract for widening and surfacing 15 feet of the Key Route program, two lowest bidders were: Lee Immel, $18,701.50 and J. R. Armstrong, $19,215.00.

Sanitary public works department City Engineer Tarr reports that he has had a crew of men out spraying manhole catch basins and creeks on mosquito control and has covered the area adequately with the exception of private lots where he is not now empowered by law to go as it would be trespassing on private property.

The City of Albany has worked with the State Highway Department in cleaning up the mess at the foot of Buchanan St. alongside the Access Highway and the entire area will soon be clear and sanitary upon the removal of the balance of crates, etc., inherited from the Navy Landing Force Depot.

Louis Bittner for Charter Revise

"Louis J. Bittner, candidate for Supervisor in District 4, is receiving strong support from the taxpayers of the 4th District," said Sam Wade, local chairman for Albany.

Bittner's recommendations for a revision of the county charter; the appointment of a county manager; and the re-districting of the supervisorial areas brought approval from many taxpayers.

A tax accountant and auditor, and chairman of the Alameda County Tax Accountants Association, Lou Bittner is widely known also as the sponsor of the famous Bittner Basketball Team of the American Amateur League.

Doctors Endorse Thos. Caldecott For Re-Election

The Alameda County Medical Association has endorsed the candidacy of Supervisor Thomas E. Caldecott for re-election in the fourth district at the June 1 primary, it was announced today by Rollen Waterson, executive secretary of the association.

In making its endorsement, the association took into consideration Supervisor Caldecott's record of achievement in administration of county government, particularly as it relates to administration of the Alameda County hospital, Waterson said.

Total expenditure for maintenance of county hospital service for the year 1947-48 was $3,930,000, but Caldecott pointed out that the doctors of Alameda County, members of the County Medical Association, give their service without compensation.

Ogden Has Long Bench Service Record

Judge Frank M. Ogden was first elected to the Superior Court in 1930 and has served continuously since, being re-elected without opposition in 1936 and 1940.

During his 18 years on the bench he has repeatedly been assigned by the Chief Justice of the Supreme Court to act as Justice pro-tem of the District Court of Appeal and is one of four Judges of the Superior Court of the entire state comprising the State Judicial Council.

Judge Ogden presided over the Juvenile Court for five years, during which time he established a reputation for understanding and consideration of the problems of youth and has headed many movements concerned with youth welfare.

TRUE FUNCTIONAL DESIGN

True Functional Design is beauty with a purpose. For example, the *STREAM-THRU* fenders of the *Kaiser* or the *Frazer* are a style feature others have attempted to copy. But the real reason for the design has been overlooked. The true function is to provide more usable space without increasing over-all width. Only the *Kaiser* and the *Frazer* have more usable space. *MORE SEAT WIDTH! . . . MORE HEAD ROOM! . . . MORE LUGGAGE SPACE!* The *Kaiser* and the *Frazer* aren't the same old girls in a new dress—they're new from the road up! Best of all these modern cars from Willow Run are yours at no increase in price!
